Mr. D. K. Singh THE CHAIRMAN

At Gurukul School, we believe in a joyful experiential learning system wherein, each child is encouraged to participate wholeheartedly in a myriad of activities. We leave no stone unturned to offer innumerable opportunities to our children; it is for them to make the most of it. Children should be motivated to grab every opportunity that comes their way which would not only help in their holistic growth but also strengthen their belief in team work, which is important in this fast-paced world. They need to understand the importance of emotional balance, critical thinking, and most importantly accepting failure graciously! It is our strife to endow them with all these qualities and more. We believe in empowering our children in such a manner that they act as representatives of a meaningful and value-based society! Our pedagogy which is holistic and comprehensive, complements this. We have a team of fabulous faculty members who display boundless energy and intense commitment which keeps the ethos of our school shining brightly.

Mr. Manish Kumar Singh RECTOR

ABOUT THE SCHOOL

OUR VISION

To create a high quality centre of learning which will perpetuate the culture of India and its holistic values in an environment driven by technology and a focused pursuit of the intellect.

CLASSES

At present, admissions are being taken from Play House to Class IX and XI.

PRE PRIMARY (PLAY HOUSE to CLASS I)

Kids are at their learning best at this stage. What they perceive now determines the kind of individual they become in the years to come. Like every parent you too wish that your kid would be experiencing the most-colourful and joyful of times that a parent can provide.

PRIMARY (CLASS II - V)

As your child matures and gears to rationalize the happenings around them, we understand that they are ready to graduate to the Middle School. At This stage your child will be taught to streamline their thoughts, express their Ideas creatively while keeping the rationale side intact. They are expected to be pro-active and take part in school activities, learn to regard peer opinion and develop strong ideas of their own that will stand in good stead in the future.

SENIOR (CLASS VI - X)

When in senior school, we design a more structured and regulated education process. We understand that to face the first academic challenge i.e. the board examinations students require the best learning academic support. Science and Computer laboratories supported by very able staff, streamlined teaching techniques, deepening of insights are aspects that are focused upon. We also conduct remedial classes to cater to students' specific needs.

CLASS XI - XII

In the Secondary Stage, the scope of academic learning expands and gives students a wider perspective of education. Therefore, the emphasis is on academic rigour, diligence, consistency, and regularity. Two streams are offered at the +2 level, i.e. Science, Commerce. At this stage, students are trained to learn independently, develop resilience and confidence, and become well-rounded individuals equipped with 21st-century skills needed to face the challenges of the outside world and become global citizens. Academic achievement is measured by board exam results both at the ICSE and ISC levels.
